PCR products

Don't miss our special prices for PCR plates and sealing films only from October 1 until December 31, 2023!

BRAND. For lab. For life.®

Optimal conditions for your PCR analyses

With PCR products from BRAND, you can protect your samples from contamination and evaporation. Cleanroom production, high-quality raw materials, and thorough quality control by accredited laboratories ensure consistently high standards for cleanliness. Sealing films, and caps made to fit plates and tubes significantly reduce evaporation loss and allow for reliable analyses, even with small sample volumes.

PCR consumable materials from BRAND are always free from DNase, DNA, RNase, and endotoxins.

Extra-thin and consistent wall thicknesses allow for optimal heat transfer and short cycle times.

Your benefits:

- + Cleanroom quality for reliable results.
- + Suitable for all standard thermal cyclers.
- + Optimal protection from evaporation and contamination.
